

All PUBLIC videos on Vimeo can be screened on OVEE. To show HIDDEN videos on OVEE, you will need to pay for a PRO account in Vimeo and follow the directions below.

VIMEO/OVEE Hidden Video Integration Directions

Create a Vimeo Token

1. Log in to Vimeo
2. **GO TO** Account Settings in the top right, under your logo

3. At footer of page, **GO TO** Vimeo>Developers

4. **CLICK** "My Apps" at the top of the page or go directly to <https://developer.vimeo.com/apps>
5. **CLICK** "+Create App"

Required fields:

Name: **OVEE**

App Description: **OVEE Integration**

APP URL: <https://ovee.itvs.org>

6. **CLICK** "Authentication" to generate token
7. **COPY AND PASTE** the TOKEN string and send to ITVS. We will then add it to your partner account.

Note: This can be done only once.

How to Show Specific Hidden Videos on OVEE

1. **GO TO** the settings of the specific video you want to screen as hidden on OVEE by clicking on that video's gear icon.

2. **CLICK** Privacy in the left-hand menu

Who can watch this video?

3. **CHECK** Hide this video from Vimeo.com

Where can this video be embedded?

4. **CHECK** Only on sites I choose
5. **Enter the domains you want to allow this video to appear on:** ovee.itvs.org

Who can comment on this video?

6. **CHECK** No one
7. **CLICK** "Save" button
8. Go back to the top of the page
9. **CLICK** "Embed" from the left-hand menu

10. Turn off all buttons on video control (they won't work anyway)
11. Change End Card setting to "Empty"
12. **CLICK** "Save"

How to Link Hidden Vimeo Video to OVEE

In OVEE, on the Schedule page of your screening, paste the full Vimeo URL (or the Vimeo ID) during screening setup:

The screenshot shows the OVEE interface for scheduling a screening. The top navigation bar includes the OVEE logo, the text "Watch together and chat", the ITVS logo, and user information "About Heather World Sign Out". Below this is a secondary navigation bar with links: "EXPLORE PBS VIDEOS", "HOST A SCREENING", "MY SCREENINGS", "METRICS", and "ADMIN".

The main content area is titled "Your Screening" and has a progress indicator with five steps: 1. SCHEDULE (active), 2. CUSTOMIZE, 3. SPEAKERS, 4. FINALE, and 5. CONFIRM.

The "Schedule your screening" section contains the following fields:

- Date: 11/13/2017
- Screening Time: 01:00 PM
- Time Zone: Pacific
- Duration: Minutes (with a note: "If omitted, duration will be calculated automatically based on video lengths.")

Below the scheduling fields is a section titled "Choose your screening settings" with three columns:

- Public**: Public screenings appear on the Upcoming Screenings page automatically, so that anyone can join. This screening is **public**. Allow attendees to sign in anonymously.
- Unlisted**: Unlisted screenings are the same as public, but do not appear on the Upcoming Screenings page, so attendees must be sent the URL. This screening is **unlisted**.
- Private**: To join a private screening, attendees must sign in with an approved email address. You'll add attendee emails to the screening after creating your screening via the Invite button. This screening is **private**.

On the left side of the "Choose your screening settings" section, there is a "Vimeo Video" section with a text input field containing the URL "https://vimeo.com/232879542". A red arrow points to this input field. Above the input field are three buttons: "+ PBS VIDEO", "+ YOUTUBE VIDEO (NOT LIVE)", and "+ VIMEO VIDEO". Below the input field are "cancel" and "add" buttons.

During screening:

Moderator should NOT be logged into Vimeo account and OVEE in same browser because that could impact the audio/video sync.

There is no Closed Captioning on Vimeo videos.
